The Adventure of **LINK**TM

Scanned by Melora for History of Hyrule

Hey everyone! I'd personally be really happy to see you make scanlations or take portions of this and make fun things and posts with it. The only things I ask are:

1. Try to link back to **historyofhyrule.com**, somewhere, somehow, for credit. This is so people can find more info and other works, reach me if they have questions, or want to contribute other content. It's actually how I've found out about so many of these things and been able to get them to you in turn.

- 2: Please don't just re-upload the whole set somewhere else. This is in case it's re-released officially so I, and my site, don't come into conflict with any publishers or artists for making scans. (Or, if you do use the whole set, because you've made scanlations, just don't use them commercially and take the full set of my scanned images down if you ever hear about a re-release.) In the 20 years I've been doing this I have never once left scans up if something comes back into print again. I only do the scanning work I do because, as an enthusiast, I don't want something that is actually out of print and rare to be lost forever.

Thank you for understanding!
